This Policy incorporates our Terms and Conditions, available at [settlequik.com/terms], which govern your use of the Services. For questions about this Policy, contact us at privacy@settlequik.com or support@settlequik.com.

Information We Collect

We collect limited personal information necessary to provide the Services. Our collection practices are transparent and minimal.

2.1 Information You Provide Directly

When you create an Account or use the Services, you may provide:

- **Account Information:** Name, email address, and password (hashed for security).
- **User Content: Payment links (e.g., URLs to PayPal, Venmo, Paxum Email, Cosmo Payment ID, Throne Wishlist URL),** customization preferences (e.g., themes, colors, bio), and branding elements for your landing page, including custom thank-you messages and subdomain configurations (Business Plan only).
- **Billing Information (Pro Plan and Business Plan Only):** Payment method details for subscriptions, processed exclusively by our third-party provider, Stripe. We do not store full payment credentials; Stripe handles this in compliance with PCI-DSS standards.

2.2 Information Collected Automatically

We may automatically collect non-personal information to improve the Services: •

Usage Data: IP address, browser type, device information, and access times.

- **Analytics Data (Pro Plan and Business Plan Only):** Page views, link clicks, referral sources, and aggregated performance metrics for your landing page(s), including cross-page analytics dashboard data (Business Plan only). This data is anonymized where possible and not linked to individual identities without consent.
- **Cookies and Tracking Technologies:** We use essential cookies for functionality (e.g., session management) and analytics cookies (e.g., for Pro Plan and Business Plan tracking). You can manage cookie preferences via your browser settings.

2.3 Information from Third Parties

- We receive limited billing confirmations from Stripe for Pro and Business Plan subscriptions.
- No data is collected from third-party payment processors you link (e.g., PayPal, Zelle); those platforms manage their own privacy practices.

We do not collect sensitive personal information (e.g., racial or ethnic origin, health data, or

biometric data) unless inadvertently provided in a bio, in which case you are responsible for compliance.

How We Use Your Information

We use collected information solely to operate, improve, and secure the Services:

- **Provide and Maintain Services:** To create and host your landing page(s), process Pro and Business Plan subscriptions, deliver analytics (including cross-page reporting for Business Plan), and configure custom subdomains with SSL.
- **Communicate with You:** For support, updates, or marketing (with opt-out options), including priority 12-hour SLA responses for Business Plan users.
- **Improve User Experience:** Analyze usage patterns to refine features (e.g., customization options, multiple payment pages for Business Plan).
- **Security and Fraud Prevention:** Detect unauthorized access or abuse. •

Legal Compliance: Respond to legal requests or enforce our Terms.

We do not use your information for automated decision-making that produces legal effects or similarly significant impacts.

Sharing Your Information

We do not sell, rent, or share your personal information for marketing purposes. Sharing is limited:

4.1 With Service Providers

- **Stripe:** For Pro and Business Plan billing only; they are contractually bound by data protection terms.
- **Hosting Providers (e.g., Namecheap):** For Site infrastructure; access is limited to necessary technical support, including subdomain hosting for Business Plan.
- **Analytics Tools:** Aggregated, anonymized data only (no personal identifiers).

4.2 For Legal Reasons

We may disclose information if required by law, to protect our rights, or in response to subpoenas, court orders, or government requests. We will notify you of such disclosures unless prohibited.

4.3 Business Transfers

In the event of a merger, acquisition, or sale of assets, your information may be transferred as a business asset, subject to equivalent privacy protections.

4.4 With Your Consent

We may share additional information if you explicitly agree (e.g., via integrations in future updates).

No data is shared with third-party payment processors you link; we only store and display public URLs.

5. Data Security

We prioritize your data's security with industry-standard measures:

- **Encryption:** SSL/TLS for all data in transit; password hashing for storage.
- **Access Controls:** Limited employee access, role-based permissions, and regular audits.
- **Backups and Retention:** Secure backups; data retained only as long as necessary (e.g., Account info while active; analytics for 12 months post-deletion, including cross-page data for Business Plan).
- **Incident Response:** In case of a breach, we will notify affected users and authorities within required timelines (e.g., 72 hours under GDPR).

Despite these efforts, no online service is 100% secure. You are responsible for safeguarding your login credentials.

5.1 Data Retention

We retain personal information only for as long as needed to provide the Services, meet legal obligations, or resolve disputes. Account information is kept while your Account remains active and is deleted within ninety days after deactivation unless retention is required for legal or tax purposes. Analytics data and performance metrics are stored for up to twelve months. Support and communication records are stored for up to eighteen months. Billing records are kept for seven years to comply with applicable accounting and audit requirements. When retention periods expire, information is securely deleted or anonymized in accordance with industry standards.
